

6 MAN INDOOR BASEBALL LEAGUE

What is the 6 Man Indoor Baseball League? Designed after the joint MLB & USA Baseball "Hit & Run Baseball Initiative", the objective is to encourage a quickened pace of play, increase frequency of balls put in play, shorten games, & create opportunities to play different defensive positions. During these fast paced games TB Staff will pitch 3 balls to each Batter. If the Batter is not able to hit any of the pitches, they will have 2 chances to hit the ball off the tee. Once the ball is put in play, Fielders will have to make plays to get the Batter out. All Batters will bat each inning. Players will rotate Defensive positions each inning. TB Staff will supervise the games and parent volunteers can assist as needed. This league is for players ages 6-9 years old. Teams will consist of 6-8 players.
